Competitive Dan Grade Skills Course

Sunday 20th April 2025

Samurai Judo Club, Zortech Avenue, Kidderminster DY11 7DY

Details

The course is aimed at players wanting Competitive Dan Grade Skills preparation and assessment. There will be assessments at the end of the course and also, to some extent, continual assessment during the course.

The course will cover the kata element for 1st and 2nd dan ONLY — candidates not fluent in kata who want higher grade assessments should attend a kata course such as the one the day before this course, also at the Samurai club.

Booking & Times

Course fee £20 (includes assessment where needed).

Pay on the day (cash or cheque) but book in advance by email to: club@samurajudo.uk

Closing date for bookings: April 11 or when event is full if earlier.

Course starts promptly at 10am on the mat (club open 9.30 to book in). Course is expected to end at 4.30pm with assessments possible afterwards.

Technical Dan Grade

This course is aimed at competitive skills assessment. The plan is to alternate and do this one year, and focus on Technical Dan Grade the following year.

However, candidates for Technical Dan Grade will find the course helpful and may be able to be assessed for some of the Technical Dan Grade sections at the end of the course.

Kata

The full Nage and Katame will NOT be covered, nor will any of the Gonosen-no-kata. Separate courses are needed for this — see the Nage and Katame course the day before this course, again at Samurai. We will cover sets 2 and 3 of Nage-no-kata ONLY (sufficient for 1st and 2nd dan theory).

Candidates who want to prepare in advance are advised to look at the Malaga 2014 World Championships video (just google “Malaga Nage no kata”).
