

1. Introduction

1.1. Programme Policy Dates

The 2024/2025 Cadet England Development Squad (EDS) will run from September 2024 to 31st August 2025. England Judo aims to develop young fighters to progress onto the British Judo World Class Performance Programme and achieve senior performances at Commonwealth, Olympic and Paralympic Games.

A critical component for the success of English Judo relies on an approach to selection that involves objective and subjective data, together with a programme of continuous personal development (technical, tactical, physical, psychological and lifestyle). The criteria for entry onto the EDS programme will require some competitive success but not in isolation.

The England Programme priority for Cadets is to prepare those fighters for the level required at Junior age and beyond. Sessions will be run nationally to bring together all fighters for the best quality training supplemental to the training done within club environments. The England Programme aims to engage as many competitive fighters as possible and deliver meaningful experiences, training and competition opportunities.
