- No points will be awarded should a fighter place, but not win a contest.
- If a fighter (who has competed in their own weight category) also competes in a heavier category to enable fighters to have more contests (due to lack of entries), they will not receive ranking points in the heavier category.

Whether they receive a medal will be at the tournament organisers discretion.

- Any fighter who has contests because of other fighters moving up a weight to provide them opportunity to fight (due to poor entry in their category), must win at least one contest to receive ranking points, decided by their finishing position in the whole group.

IDENTIFICATION CRITERIA

7. In order to be identified, fighters will be considered against the below criteria:

- **Technical Performance in Competition & Competition Results**
- **Performance Behaviours**

Technical Performance in Competition & Competition Results

8. To be considered for identification for the European Youth Olympic Festival (EYOF) fighters should meet the criteria below **by the selection meeting held week commencing Monday 28th April 2025**.

9. A fighter will be **identified** for the GB Team delegation where they meet all of the following:

- Member of Home Nation Programme
- Top 3 in weight category on the GB Cadet Identification Ranking

and then consideration in priority order given to:

- A top 7 placing at a 2025 Junior European Cup (achieved before the selection meeting)
- 1 international medal (top 3 placing which includes a minimum of 3 wins in 1 day) at an GB Cadet Identification ranking stated international competition (stated in point 4).

10. Where places are available, a fighter will be **considered** for identification for the GB Team delegation if they achieve:

- Member of Home Nation Cadet Programme
- Top 5 in Weight Category on the GB Cadet Identification Ranking

and then consideration in priority order given to:

- 1 international top 5 placing (and which includes a minimum of 3 wins in 1 day) at an GB Cadet Identification ranking identified international competition (stated in point 4).

- A minimum of 3 contest wins in 1 day at an GB Cadet Identification Ranking international competition (stated in point 4).

11. In the case where multiple fighters in the same weight category meet the above requirements, the Identification Panel will consider each fighter against the whole of the criteria laid out. The Identification Panel will be entitled to decide in such cases on the criteria in its absolute discretion.

Performance Behaviours & Additional Factors

12. Performance behaviours are an integral component in the identification policy and an essential part of a fighter's development and in performance sport and therefore an important factor for the Identification Panel to consider.

13. To perform at the highest level, talented fighters need to be able to display performance behaviours alongside an excellent technical foundation. A fighter's performance behaviours will be monitored by the Home Nation Cadet leads throughout the identification period on the following basis:

- Home Nation programme engagement and attitude during camps

- Competition/Camp suitability based on an athlete's current experience
- Current weight and the ability to make the fighting weight safely
- Current level of physical fitness and current medical/injury status
- Future potential as a Junior or Senior fighter
- Commitment to developing Throw for Ippon and Win in Newaza trademarks in training and competition
- Resilience in challenging environments including randori, conditioning, international competition and training camps
- A fighter's suitability as a team member and/or as an ambassador for the BJA
(Note: when considering 'suitability', factors such as behaviour and previous disciplinary record will also be considered).

14. Home Nation Cadet Leads will endeavour to highlight and discuss with fighters at the nearest possible opportunity when Performance Behaviours are not to an acceptable standard as part of the monitoring process.
15. In the case where a fighter is not selected based on Performance Behaviours, the reasoning will be clearly defined and communicated by the Identification Panel to the fighter. The relevant Home Nation Cadet Lead will create an action plan for the fighter to work on the identified behaviours for future development.
16. *A young person's physical development during the Pre-Cadet and Cadet years is extremely important and therefore we do not support fighters from cutting weight before competition. Fighters are encouraged to maintain a healthy diet and physical preparation programme in order to maintain and progress physical capabilities working towards the Technical Trademarks stated within the Hajime-Matte Model.*
